PROFESSIONAL EXPERIENCE

Yami

Jan 2025 - May 2025

Market & Consumer Insights Analytics Project (Student Program)

New York, NY

- Achieved the highest total GMV of \$1,769 and \$764 in new-customer GMV, leading 12 project teams in the “Tea Break Time” e-commerce campaign with a 28.9% conversion rate.
- Conducted competitive research and customer analysis to design themed product bundles, optimizing SKU selection and boosting add-to-cart rates by 48%.
- Developed and refined retention strategies by building SKU replacement pools and scheduling follow-ups, sustaining 4-week repeat purchase cycles.
- Produced and launched a Xiaohongshu campaign that generated 2,457 views and 155 engagements, increasing new-customer GMV from \$3 to \$217 in two weeks.

Monks (Media.Monks)

June 2024 - Aug 2024

Content & Marketing Analytics Intern, Burberry Team

Shanghai, China

- Managed and analyzed KOL data across Burberry's official backend and major global social media platforms, and turned data analysis and detailed decks into actionable insight for more effective marketing strategies.
- Conducted competitive analyses and campaign studies and provided targeted KOL-centered optimization suggestions, enhancing Burberry's social media visibility by 30% and user engagement by 16%.
- Integrated materials for retainers and campaigns, increasing project execution efficiency by 30% and collaborated with Burberry's design team to ensure materials for presentations met creative standards and client needs.

iQIYI.com

June 2023 - Aug 2023

iQIYI.com is one of the largest online video sites in the world, with over 6 billion hours spent on its service each month and 500 million monthly active users

Marketing Intern, Novel Division

Beijing, China

- Pioneered a digital content initiative using Adobe Creative Suite, boosting campaigns and securing a 30% uplift in audience engagement for audiobook series.
- Administered the upload and quality control of 3500 audiobooks, ensuring adherence to digital platform standards and improving user content accessibility.
- Coordinated a cross-functional team and conducted consumer behavior research, informing data-driven marketing campaigns that focused on relevant and engaging content.
- Used SEO techniques to complete page construction and optimization, significantly improving search rankings.

Bancheng Media & Communication

May 2022 - Sep 2022

*Social Media Operations Intern**Cangzhou, China*

- Led a content curation and dissemination drive across WeChat, TikTok, Kuaishou, and Xiaohongshu, improving entertainment sector visibility by 45% and engaging an audience of over 5,000 potential new customers.
- Conducted a deep-dive analysis of social media metrics including completion rates, engagement rates, product link click-through rates, user growth rates, and comment activity to decode user behaviors and trends, driving strategic enhancements that broadened content reach.
- Developed and executed engaging content strategies incorporating text, images, and videos tailored to audience interests, driving user engagement and interaction by 61%.
- Led user interaction efforts and maintained a community of 20,000+ people by addressing inquiries and comments, fostering positive consumer relations and brand reputation.

LEADERSHIP & COMMUNITY**Zhonglou Community & Canal District Committee Office, Social Media Manager**

Jan 2020 - Oct 2025

an organization overseeing a community of over 4,000 residents, manages cultural programs, community health, equity, and diversity initiatives.

- Led a multidisciplinary media team to launch high-impact community events during and after COVID-19.
- Surveyed social media users to analyze problems surrounding COVID-19 such as misinformation, mental health impacts, and social isolation, and organized initiatives to help alleviate stress.

The Paley Center for Media, Volunteer

Sep 2022 - Oct 2022

a media, sports, gaming, and entertainment festival in Manhattan featuring interactive experiences and immersive attractions.

- Supported social media strategy by creating engaging content, promoting interactive experiences, and ensuring real-time updates to drive audience engagement and increase online visibility.
- Collaborated with artists to create social media stories, increasing event participation and awareness.

Typography and Perception in Fashion Branding, Researcher

Sep 2023 - Dec 2023

- Designed and conducted a survey on typography preferences, identifying differing font associations across social media platforms to inform adaptive brand strategies.
- Integrated and visualized data analysis using Tableau and Flourish, demonstrating how typography influences consumer perception, enhancing brand value and engagement in digital and print contexts.

AI & Digital Media Analytics, Researcher

Jan 2025 - May 2025

- Analyzed AI fashion forecasting system, revealing how proxy features, style classification, and biased ground-truth data narrow design diversity and reshape consumer trend visibility in digital marketing.
- Assessed LLMs in novel-to-film adaptation using case studies, demonstrating limits in tacit knowledge, causation reasoning, and bias correction, and highlighting risks for content evaluation and media strategy.
